## **5.3.2**

## **Students' Representation/Council and Engagement in various Administrative, Co-curricular and Extracurricular Activities**

Students are key stakeholders in the growth and development of the institution. Their support, ideas, and active involvement are essential for the prosperity and overall well-being of the college. Harnessing their contributions and perspectives is crucial for driving positive change and ensuring the continued success of the institution.

### **Engagement of Students in Various Activities:**

#### **Members of Editorial Board in College Magazine**

The college offers students a platform to write and publish their work in the college magazine, 'VANDANA'. Students are actively involved in the editorial board, working alongside faculty members, which provides them with an opportunity to develop and showcase their writing, editing, and analytical skills. This collaborative effort allows students to express their creativity and engage in the process of content creation and publication.

#### **IQAC**

The Student Representatives of the IQAC collaborate closely with the Principal, IQAC, and students to enhance and maintain the quality standards of the institution. They play an active role in organizing events such as the Orientation Program and Freshers' Party for new students, as well as the Farewell Party for seniors. These events are coordinated by the IQAC student representatives, who act as a vital link between the faculty, administration, and their fellow students. By serving as a bridge, they help ensure smooth communication and contribute to fostering a positive and supportive campus environment.

#### **Earn While You Learn**

This scheme allows students to earn while gaining practical experience by engaging in various campus activities, such as assisting with official work, library operations, laboratory tasks, and supporting the computer labs. Meritorious students are given priority, but the committee also ensures that students from economically disadvantaged backgrounds receive equal opportunities. This approach not only helps students financially but also provides them with valuable hands-on experience that contributes to their overall personal and academic growth.

### **Co-curricular Activities**

Each department at the college has its own departmental society, responsible for organizing and overseeing a range of co-curricular activities that offer students a valuable platform to hone their skills and prepare for various competitive events. These societies create opportunities for students to showcase their talents and engage in personal development outside the classroom.

Students are also deeply involved in the planning and execution of key college events, such as the Talent Hunt program, *CHINGARI*, and the cultural festival *RASMANJRI*. These events provide a stage for students to explore and demonstrate their artistic and creative abilities through a variety of cultural and literary competitions. Additionally, students represent the college in a wide array of cultural and sports events at district, zonal, and state levels, showcasing their abilities and strengthening the college's reputation.

The college is committed to fostering a holistic student experience, with dedicated wings for National Service Scheme (NSS), National Cadet Corps (NCC), a Women's Cell, an Entrepreneurship Development Club, and an Anti-Ragging Squad. These initiatives play a crucial role in promoting student engagement in community service, encouraging leadership development, and ensuring a safe and supportive environment.

### **Participation in Mentor- Mentee Group**

Mentor-Mentee groups are formed with the aim of fostering better interaction between students and teachers, providing students with a comfortable space to share their thoughts, concerns, and ideas.

### **Feedback on Amenities**

An effective feedback mechanism is in place, allowing students to voice their opinions on various aspects of college activities. This system ensures that any necessary changes or improvements can be made based on student input. Students are encouraged to raise concerns related to classrooms, infrastructure, library facilities, food, water, hygiene, and other areas, enabling the college to address and resolve any grievances promptly.
