

## Feedback Report (2024-25)

*"Feedback is one of the most powerful influences on learning and achievement."* — **John Hattie**

Feedback plays a crucial role in the learning process. The college collects feedback from various stakeholders, including students, alumni, faculty, employers, and parents, through structured online forms. This feedback is carefully analyzed and utilized to enhance curriculum development, teaching methodologies, the learning environment, and overall institutional processes. It helps identify areas needing improvement and highlights opportunities for growth, providing valuable insights into the effectiveness of our academic efforts.

### **Student Feedback**

Feedback is integral to the assessment and learning process, aiming to enhance students' overall performance. It helps students better understand subject matter and provides clear guidance on refining their learning strategies. Additionally, it boosts confidence, self-awareness, and enthusiasm for their studies.

During the 2024-25 session, student feedback was collected based on the following key parameters:

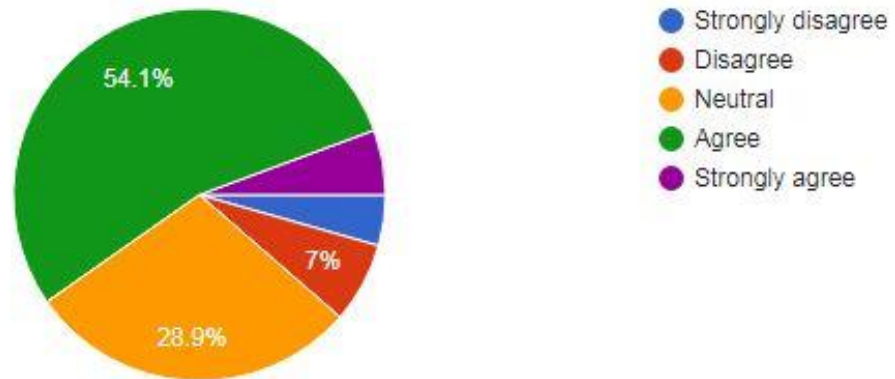

- Teaching-Learning Methodology
- Academic Content
- Infrastructure
- Quality of Education
- Support Services
- Campus Facilities
- Class Schedules and Workload
- Assessment and Grading
- Campus Safety
- Mode of Collection

Student feedback was collected online via Google Forms through the following link:

817 responses

18. Almost 77% students marked good to excellent about **the overall infrastructure of the college such as classrooms, laboratories, library, sports facilities etc.** 17% marked it as fair.

## SUMMARY

To assess students' expectations regarding the curriculum, the college systematically gathered feedback from all students. This year, students evaluated various aspects of the curriculum using a five-point scale ranging from "Strongly Agree" to "Strongly Disagree." A Google Form was created and shared widely to ensure comprehensive participation. Various statistical tools, including percentage analysis and graphical representations, were used to derive meaningful insights from the 817 responses received.

Overall, students expressed satisfaction with key academic aspects such as syllabi coverage, regularity of classes, and teachers' responsiveness to queries. A majority of students found the current syllabus relevant to contemporary job market demands and industry needs. The internal assessment process was deemed appropriate, and students appreciated the timely completion of syllabi and teachers' punctuality. The quality of infrastructural facilities, including the library, sports amenities, and classrooms, received positive feedback.

## SUGGESTIONS

Most of the students expressed satisfaction with the relevance of the syllabus, teacher punctuality, syllabus completion, and infrastructure. The college library and co-curricular opportunities were also rated positively. However, some students raised concerns regarding classroom cleanliness, availability of basic amenities, and the need for syllabus revisions. They also mentioned the need for clean drinking water, better classrooms and more library facilities. They need updated books in the library and modern teaching methods. There were also suggestions for more extracurricular activities and events. By actively considering this feedback, the college remains committed to fostering a conducive learning environment and continuously improving its academic and infrastructural facilities.
